## SrI RanganAtha PaadhukA Sahasram Yanthrams

This document has been prepared for sadagopan.org with the blessing of  
SrImath Azghiya Singar

Sri RanganAtha PadhukA sahasra sLOkams are all very powerful. They have tremendous manthra siddhi that leads to Kaarya Siddhi .

Those from the Chithra Paddhathis ( the 7 Yanthrams picked for the seven days ) are very auspicious for worship by the ladies in this context .

Rice flour is the best for drawing the Kolam. It can also be drawn on white Cloth with colored dye (yellow) or drawn on Copper or silver/Gold plates . The aksharams can be invoked thru the Japam , if you are drawing with rice flour. For yantrams in copper plate, aksharams can be drawn and preserved for continuos use . If you use rice flower, the visarjanam (removal) can be done with the prayer: “ **Sri RanganAtha PaadhukE: Gaccha Sri RanganAtha Paadham yathA sukham** ” . The Yanthram itself is the AarAdhya Moorthy . Additional deities need not be invoked or Placed on the yanthram.

Please use them . Please draw these kolams in your Pooja Grahams , recite the slokams of the day and after that gently remove by hand, the Yanthram after prostrating before it .

Swamy Desikan's limitless skills as a poet is revealed in the creation of these sLOkams in the Yanthram ( Sabhdha Chithrams ) in Sri RanganAtha PaadhukA sahasram ( 1000 sLOkams composed in less than three hours) . in the Chithra Paddhathi section of the Sahasram .

Special thanks to Sriman Sriram Srinivasan and Sriman Sunder Kidambi for providing these yanthrams.
